Hi Sally,

As per my previous correspondences and communications to you, I am on hold, until client authorization to proceed is given. Of the days you mention, I am available June 19, 23, 24, or 25th. However, I cannot finalize any dates at this time.

Regards,
Mark Sielski

Magna Metals field work

Hi Mark. I haven't heard back from you yet about starting field work for the Magna Metals investigation. I would like to have a meeting with you and the property owners before the beginning of field work in order to make sure they understand what is going to happen. I have limited availability before June 30. I am available the 16th - 19th, and 23rd - 25th.

What dates are you available for a meeting such as this? Please let me know that you have received this email and let me know when a meeting date can be set and what the plans are for field work. Thank you.
